CONGRESS AT WORK.

Stewart Still at War with Major Powell.

The Fortification Bill Passes the Senate.

Frye Wants to Form an International Prohibition League—The Alabama Republican Seated.

By the Associated Press:

WASHINGTON, D. C., June 4.—In the Senate a resolution was agreed to for in inquiry into the management of the fish commission affair.

Senator Sherman today proposed and had referred to the finance committee as an amendment to the tariff bill the woolen schedule prepared by the National Wool Growers' Association. Senator Washburn also proposed to amend the bill by putting white pine timber on the free list.

The presiding officer announced as a select committee on the bill for the establishment of the University of the United States Senators Edwards, Sherman, Ingalls, Starr, Dolph, Harris, Butler, Gibson and Barbour.

The fortification bill was then taken up, the question being on striking out two items for the Watervliet, New York, arsenal, one of \$248,743 for the erection of a new wing to the building thereof and the other \$78,000 for machinery for making twelve-inch guns, and inserting in lieu of them the following:

"For boring and turning lathes, rifling machine and an eighty-ton traveling crane, fully equipped, for the manufacture of twelve-inch guns at Watervliet arsenal, New York, \$285,000. After some discussion the amendment was agreed to.

Teller offered an amendment to purchase and test for infantry a recoil small arm of thirty-calibre, with compound accelerating cartridge; also to test one light rapid firing, rapid transit six-pounder breech loading field gun, mounted upon a disappearing, shielded, field gun carriage, and also to test one retiring sea coast defense carriage. This was agreed to.

All amendments recommended by the committee on appropriations were also agreed to and the bill was reported to the Senate. A separate vote taken on the amendment increasing the appropriation for rifled sea-coast mortars from \$250,000 to \$400,000, and the amendment agreed to. All other amendments being previously agreed to, the bill was passed.

A concurrent resolution of the House authorizing the enrolling clerk to insert in the administrative customs bill a certain proviso agreed to by the conference committee, but omitted by error in the enrolled bill, was presented, explained by Mr. Allison and agreed to. It has reference to the duties on imported goods saved from wrecked vessels.

A communication from the Secretary of the Interior, in reply to Stewart's resolution as to the diversion of the fund for irrigation surveys, was received, denying that there was any such diversion. The communication was ordered printed and referred to the committee on irrigation. Stewart asserted during the discussion that nevertheless, the money had been squandered inappropriately, and that legislation on the subject of irrigation had turned out to be an unmitigated evil, it having been turned over to Major Powell, who controlled the whole business.

Mr. Reagan said that he had occasion to look into the question, and he believed that Major Powell had acted in strict accordance with the law.

Mr. Frye offered a joint resolution to authorize the president to form an alliance with foreign countries for the suppression of the liquor traffic. Referred to the committee on foreign relations.

The Senate then adjourned.

In the House.
WASHINGTON, June 4.—Mr. Osborn, of Pennsylvania, presented the conference report on the army appropriation bill. After some debate over the "caneen" clause the report was agreed to.

Mr. Morris, of Kansas, reported a disagreement of the conference committee on the Senate dependent pension bill. The House insisted on its amendments and a further hearing was ordered.

The House then entered into a further consideration of the Alabama contested election case of McDuffie against Turpin. The minority resolution declaring Turpin elected was rejected. Yeas 114, nays 130. The roll was then called on the majority resolution seating McDuffie and it was agreed to. Yeas 130, nays 113. McDuffie then appeared at the bar of the House and took the oath of office, after which the House adjourned.

Orleans Pardoned.

PARIS, June 4.—President Carnot has granted a pardon to the Duc de Orleans, who was sent to prison in February last for violating the decree of exile issued against all the members of his family.

A REMOTE CONTINGENCY.

Estimated Profits of the Panama Canal When Completed.

PARIS, June 4.—The special Panama Canal Commission has prepared a fresh report on the prospective earnings of the canal in case it is completed. In this the annual cost of maintenance is placed at 5,500,000 francs, the expenses of administration are placed at 1,800,000 francs annually, and the income for the first four years is estimated at 51,240,000 francs. This is calculated on an average annual tonnage for that period of 4,000,000 tons, and the proposed rate of charges per ton is twelve and one-half

francs. The commission estimate that after the first four years there would be an annual increase in tonnage of 250,000 tons, until a maximum tonnage of 6,000,000 should be reached. After the canal had been in operation twelve years the annual net receipts, it is estimated, would be 67,000,000 francs.

THE THUNDERER AROUSED.

Indulges in Some Very Warlike Talk About Behring Sea.

LONDON, June 4.—The Times declares that the reported order despatching an American cruiser to Behring Sea smacks too much of the first Napoleon in dealing with a weak statesman, and if the order is executed British men-of-war must follow.

"We can only imagine," the Times says, "that the pressure from the Irish-Americans induced Blaine to withdraw from his apparent desire for a diplomatic settlement. We believe England will agree to a close time for seals in an open sea, but such an arrangement must be international and can not be imposed upon the world by American gunboats or at the bidding of Blaine."

Binding Twine Trust Broken.

ST. LOUIS, Mo., June 4.—A dispatch from Mason City, Iowa, says that agents there had been instructed to sell binding twine, of various kinds, at an average of four cents below the prices of last year. This is believed to indicate that the Binding Twine Trust, which imposed such burdens on farmers of this and other States, has been broken. The reduction in present prices will save many thousands of dollars to Iowa farmers alone.

Hard Upon Anarchists.

LONDON, June 4.—The governments of Germany, France, Russia and Switzerland have signed a treaty for the repression of anarchy.

MORE INDIAN MURDERS.

FOUR BODIES FOUND NEAR PANAMO.

The Cabin Burned—Situated in the Rincon Mountains, on the San Carlos and Mexican Trail.

TUCSON, June 4.—A Mexican brought word here today of the killing of a man and his wife and two children about three miles from Pantano yesterday.

He reports going to the ranch and finding the family murdered and the house burned. He came to this city to give the alarm. No further information can be had.

The ranch is on a direct trail from the San Carlos Indian reservation to Mexico, in the Rincon Mountains.

Tucson, June 4.—Three Mexicans have just come into the city saying that they were driven into the city by Indians, who attacked them nine miles from Tucson, near the San Miguel mine.

They secreted themselves in the rocks and escaped.

They fear that the Indians have attacked a ranch near there, killing the inmates.

THE STORY DENIED.

TUCSON, June 4.—The reported killing by Indians of a man, woman and two children near Pantano, is believed to be unfounded. This afternoon three Mexicans came in from a camp seven miles north of that place and reported the presence of Indians near there. A party of armed citizens hurried to the camp, but no trace of Indians were found there. The alarm was caused by a band of eighteen Apaches, who are off the San Carlos reservation with passes hunting and gathering cactus fruit.

They have been seen in the vicinity of Pantano, north and east of Tucson, several times during the last ten days.

They are all armed and the recent killing of Hardie at Rucker Canyon has excited the ranchers, miners and others.

It is believed by some stockmen on the San Pedro that Kid is with these bands from the reservation endeavoring to strengthen his forces.

There is much feeling expressed against the policy of allowing the Indians to leave the reservation on passes, especially as they are armed, for the ranchers, miners and travelers have no means of knowing whether they are hostile or friendly.

That there is a band of them now in the mountains near here is well established by more than a dozen reliable citizens, who have seen them many times during the last ten days.

A large party of citizens of Tucson, ranchers and stockmen, are organizing to interview this band, who will have to return to the reservation or fight within the next few hours.

The people are determined to keep them on their reservation, and if found running at large with arms to treat them as hostiles.

PASS THE BILL.

How American Shipping Interests Can be Revived.

SAN FRANCISCO, June 4.—It is rumored in shipping circles that Speckles Bros. contemplate the building of three 500-ton steamers for the Australian service providing Congress passes the bounty bill. These vessels, it is proposed, will be built in accordance with naval regulations and will be so constructed that they can be utilized as cruisers in case of war. The speed of the vessels will not be less than eighteen knots an hour. It is also understood that in case of the passage of the bill mentioned the Pacific Mail will build at least four new steamers for the Chilean and Peruvian trade.

Carpy, of the Wine Dealers' Association.

Daggett Destroyed by Fire.

DAGGETT, Cal., June 4.—At noon today fire was discovered in the southeast corner of the Capitol hotel. A heavy west wind was blowing at the time for the first time in six months. Everything was done to save the property, but within ten minutes it had spread west 1500 feet, destroying the Capitol hotel, owned by H. Boeten. His loss is \$5000 and insurance \$1000. The flames also destroyed J. A. Johnson's general merchandise store and contents, loss \$8,000 and insurance \$2,000; Quinn & Sutcliffe saloon and fixtures, loss \$5,000, insurance \$2,000; Barrett & Darne \$500, no insurance; William Burt, saloon and fixtures, loss \$500; Grover & Myer, general merchandise, loss \$5,000, no insurance; M. SAN FRANCISCO, June 4.—The census completed shows 4,950 census children, an increase of 314 over last year.

Troops for Arizona.

WALLA WALLA, Wash., June 4.—A troop of the Second United States cavalry left here on a special train this afternoon for some station in Arizona.

Coinage at San Francisco.

SAN FRANCISCO, June 4.—The coinage of the San Francisco Mint in May was \$1,650,000, of which \$850,000 were double eagles and \$800,000 standard dollars.

Chick Victorious.

SAN FRANCISCO, June 4.—Martinez Chick, of San Diego, today defeated Captain Brewer in a shooting match, killing ninety-five out of 100 pigeons. Brewer eighty-nine.

Beaten to Death.

LOS ANGELES, June 4.—Jean Deville, who keeps a small tavern near here, was attacked last night by two men who beat him shockingly and then robbed the place. It is feared Deville will not recover. There is no clue to the perpetrators of the outrage.

On Trial for Murder.

LOS ANGELES, June 4.—The State rested today in the trial of Charmiele and Gardner for the murder of Walton and Cook in Castor Canon in March last. The defense has nearly 100 witnesses, among them old and prominent residents of Ventura, Sonoma and other counties to testify to the good character of the defendants, especially Charmiele.

Instantly Killed.

SAN FRANCISCO, June 4.—John Munster, a teamster employed by B. J. Hoffacker, was killed today. He was loading his truck, and after completing his load backed his team out through a door onto the railroad track, just as a train came along. The engine struck the day, throwing Munster to the ground, and the horses lunged violently forward, the front wheels passing over the driver's body.

Beecher Must Stand Trial.

SETTLE, W. T., June 4.—In the United States District Court Judge Hanford has

refused to dismiss the cases against ex-Special Customs Agent Beecher, of Port Townsend, a son of the late Henry Ward Beecher, upon the report of United States Attorney Weston that he has been authorized by the Department of Justice to enter a nolle prosequi in these cases.

Filibusters Confess.

SAN DIEGO, Cal., June 4.—E. C. Foster, general agent of the Department of Justice, is still investigating the filibustering scheme against Lower California. He has secured confessions of two from those most prominently connected with the scheme that confirm the essential correctness of the expose.

AMONG THE POLITICIANS.

MARKHAM LOOKING AFTER HIS GUBERNATORIAL FENCES.

Vandever Withdraws as a Candidate for Re-nomination—Springer of Illinois Again the Choice of His Constituents.

WASHINGTON, June 4.—The California gubernatorial campaign is beginning to excite much interest among Californians in Washington. Colonel Markham of Los Angeles has been several days and has had several conferences with Morrow and Felton. Neither Morrow nor Markham have announced themselves as avowed candidates, but it is believed that either would accept the nomination if tendered.

"Col. Markham, when asked concerning the rumor that he favored a division of the State, said: 'I have received numerous letters from anxious friends on this same point. I will say no living man ever heard me either publicly or privately express myself in favor of State division; neither have I ever been in favor of it. The State of California as it now exists may properly be considered as representing one side of the United States. It is a grand State and is the pride of the Union; one of the best known States both at home and abroad.'"

Representative Vandever, Republican, of the Sixth California district, has sent a telegram to his friends declining to enter the field for a renomination and asking that his name be withdrawn.

NOMINATING CONVENTIONS.

NASHVILLE, June 4.—The State Prohibition convention met this morning. The usual committees were appointed.

SPRINGFIELD, Ill., June 4.—The Democratic State convention met at noon and appointed the usual committees.

Augusta, Me., June 4.—The Democratic State convention today nominated Hon. F. W. Hill of Exeter, for governor.

SPRINGFIELD, Ill., June 4.—The Democratic convention for the Thirteenth Congressional district today nominated Hon. Wm. M. Springer for Congress, by acclamation.

EFFECTS OF A CYCLONE.

A NEBRASKA TOWN WIPED OUT BY THE STORM.

Twelve People Killed, Many Wounded, and the Entire Village Left Homeless—Aid for the Sufferers.

LINCOLN, Neb., June 4.—The State Journal party returned from the scene of the tornado in Bradshaw this evening and brought confirmation of the worst reports received.

The storm struck the town at 8:30 Tuesday morning. The roar of the whirlwind being the first notice the terrified people had of its coming.

Not a single building is left. Every business house was made a total wreck and the principal street is filled with ruins. A special train was dispatched from Lincoln with physicians and other relief.

It was found that a Russian settlement near the town was struck and the report is that nine were killed there outright. The physicians say that in all twelve are dead and eight mortally wounded and perhaps 20 are hurt less seriously.

HOW OREGON WENT.

Herrman's Majority 1500 Greater than It Was Two Years Ago.

PORTLAND, June 4.—Official returns from Monday's election have been received from only one county in the State. From returns at hand Herrman's majority reaches 9,000, while that of Penoyer for Governor will probably reach 4,000.

The Republicans elected the following State officers by about 6000 majority: Secretary of State, McBride; State Treasurer, Melchor; Supreme Judge, Bean; Superintendent of Public Instruction, McElroy; State Printer, Baker.

Herrman's majority in Multnomah county will be 3000, while Thompson (Republican) for governor, carries the county by less than 200 majority. The Legislature will stand 62 Republicans to 28 Democrats.

Thompson's defeat is largely due to knifing by Simons, a Portland police boss sat on last spring by Thompson, and to fears of Senator Mitchell that Thompson had himself senatorial aspirations.

Oppose the Bennett Law.

MILWAUKEE, Wis., June 4.—The German-Lutheran Anti-Bennett Compulsory School Law convention today passed a resolution protesting against the Bennett law, because it is unnecessarily unjust.

DES MOINES RIVER LANDS.

The Settlers Make a Strong Fight for Possession.

DES MOINES, June 4.—The hearing in the suit of the United States to settle the ownership of the Des Moines river lands was begun before Judge Shiras, at Fort Dodge, yesterday. The defense filed a demurrer admitting all the negotiations of plaintiff, but claiming that there was not sufficient grounds for the suit. If the demurrer is sustained the land companies' title will be good for all time. A large mass of evidence was submitted by the defense in the shape of reports made before Congressional committees on river land matters. Attorney Clark for the plaintiff occupied all day with his argument on a motion

to set aside this evidence as indirect and incompetent, and will continue his argument to day. The court room was crowded with anxious settlers. The case will be submitted Friday.

STILL THEY COME.

Arrival of Another Crew of Mormon Immigrants.

NEW YORK, June 4.—One hundred and twenty Mormons arrived this morning on the steamer Wisconsin, from Liverpool, under the leadership of Elder Wiley, representing the Union Pacific, and Elder Prindle, of the Mormon church. The party is enroute to Utah. Their names and addresses were taken by Chief of Contract Labor Inspection Mullholland. A test case will some time in the future be brought into court to decide if the Mormons come here in violation of the alien contract laws.

NEWS OF THE RAILROADS.

Abbott's Promotion—Reduction of Rates from Chicago East.

CHICAGO, June 4.—John N. Abbott, late chairman of the Western States Passenger association, has been appointed to assist the president of the Great Northern railway.

The Central Traffic association today decided to reduce the rate on wheat, barley, rye and similar products from 25 to 22 1/2 cents from Chicago to New York and common points.

The Lake Shore road gave notice to the Inter-State Commission to reduce the dressed beef rate from 48 to 45 cents to Boston and New England points, claiming that the New Canadian Pacific and Wabash line is cutting rates.

STRUCK BY LIGHTNING.

Disastrous Explosion in an Ohio Powder Magazine.

MANSFIELD, Ohio, June 4.—Yesterday during a heavy storm lightning struck Tracy & Avery's Powder house, located one mile east of the city. The house contained over 5000 pounds of powder, which exploded, causing a tremendous report. Hundreds of windows in the city were broken china and glassware were knocked from shelves, people thrown from their feet and many buildings in the vicinity wrecked. Two frame dwelling houses on the opposite side of the street from the magazine were leveled to the ground. One of these houses was vacant and the other occupied by Henry Roost, his wife and two children, the husband being absent at the time of the explosion. A six-months-old baby was instantly killed, and the mother and the other child are thought to be fatally injured. Nothing remains of the powder house. Bricks were scattered in all directions, some being found a quarter of a mile distant from the scene of the explosion.

A SILVER BILL.

AGREED UPON BY THE REPUBLICAN CAUCUS.

Mr. McKinley Comes to the Rescue of His Fellow Partisans—Reaching an Agreement.

The Republicans of the House of Representatives went into caucus immediately upon the adjournment of the House this afternoon to consider the silver question. It had been announced in advance by the leaders that the real purpose was a conference rather than a caucus. It was suggested that there was no definite purpose before the caucus, so Representative Buchanan submitted the motion that the caucus bill as it stood be reintroduced. Much talk followed, and developed a great diversity of views.

Representative Walker submitted a proposition which in effect proposed the reference of the bill back to the former caucus committee, with instructions to report a bill which will place gold and silver on a parity by allowing the issue of certificates to an unlimited extent on deposits of either metal at their market value.

Representative Dorsey of Nebraska submitted a substitute for the caucus draft of a bill which he proposed to introduce in the House. It provides that any holder of American silver may deposit it in the treasury and receive full legal tender certificates on the basis of full legal tender quality, redeemable in lawful money, and that silver bullion may be coined to meet the need of redemption, and the national bank note redemption fund could be covered into the treasury.

Representative Perkins, a monometalist, in a vigorous speech noted his objection to bullion redemption and the caucus bill.

Finally McKinley came to the front with a compromise proposition. He proposed that the treasury shall purchase four and one-half million dollars worth of American silver each month; that certificates in payment therefor shall be of full legal tender quality, redeemable in lawful money, and that silver bullion may be coined to meet the demand for redemption. The position fund feature of the Dorsey bill is included and also the provision that when gold and silver reach par there shall be free coinage. It omits the bullion redemption provision of the caucus bill and was therefore immediately assailed by several members on that account. A vote was taken resulting in the adoption of the McKinley substitute. When the caucus adjourned there was a good deal of confusion in the minds of the members as to whether or not they were bound to support the caucus proposition. The committee on rules all accede when the bill shall be brought up in the house.
